# Pitch Deck

# Simplifying Derivatives Pricing for Your FX and Interest Rate Hedges

## Are You Really Getting the Best Deal on Your Derivative Hedges?

- Businesses rely on bank-provided quotes without independent verification.
- Hidden margins & fees eat into profits.
- Pricing tools like Bloomberg are too expensive for mid-market firms.
- The market lacks transparency and flexible, cost-effective solutions.

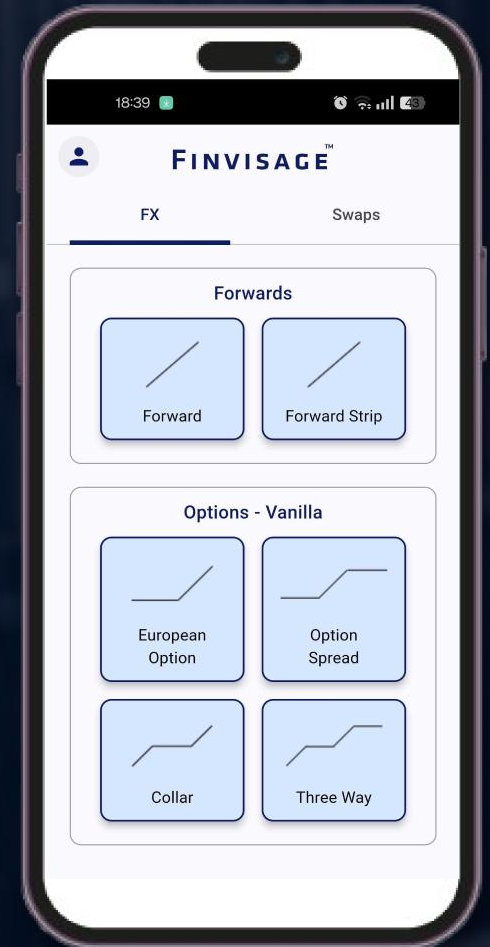

### **DID YOU KNOW ?**

Companies unknowingly overpay up to 45 bps on hedging transactions

## Finvisage: Independent, Transparent & Cost-Effective Pricing

- ✓ Accurately price Forwards, Options, IRS, CCS & Exotics.
- ✓ Compare pricing across 21+ currency pairs.
- ✓ Affordable pay-as-you-go pricing.
- ✓ Short & long term subscriptions at great discounts.

## John's Story – A Lesson in Hidden Margins

### 📌 Before Finvisage

John trusted his bank's quote and unknowingly paid 40 bps in hidden margins.

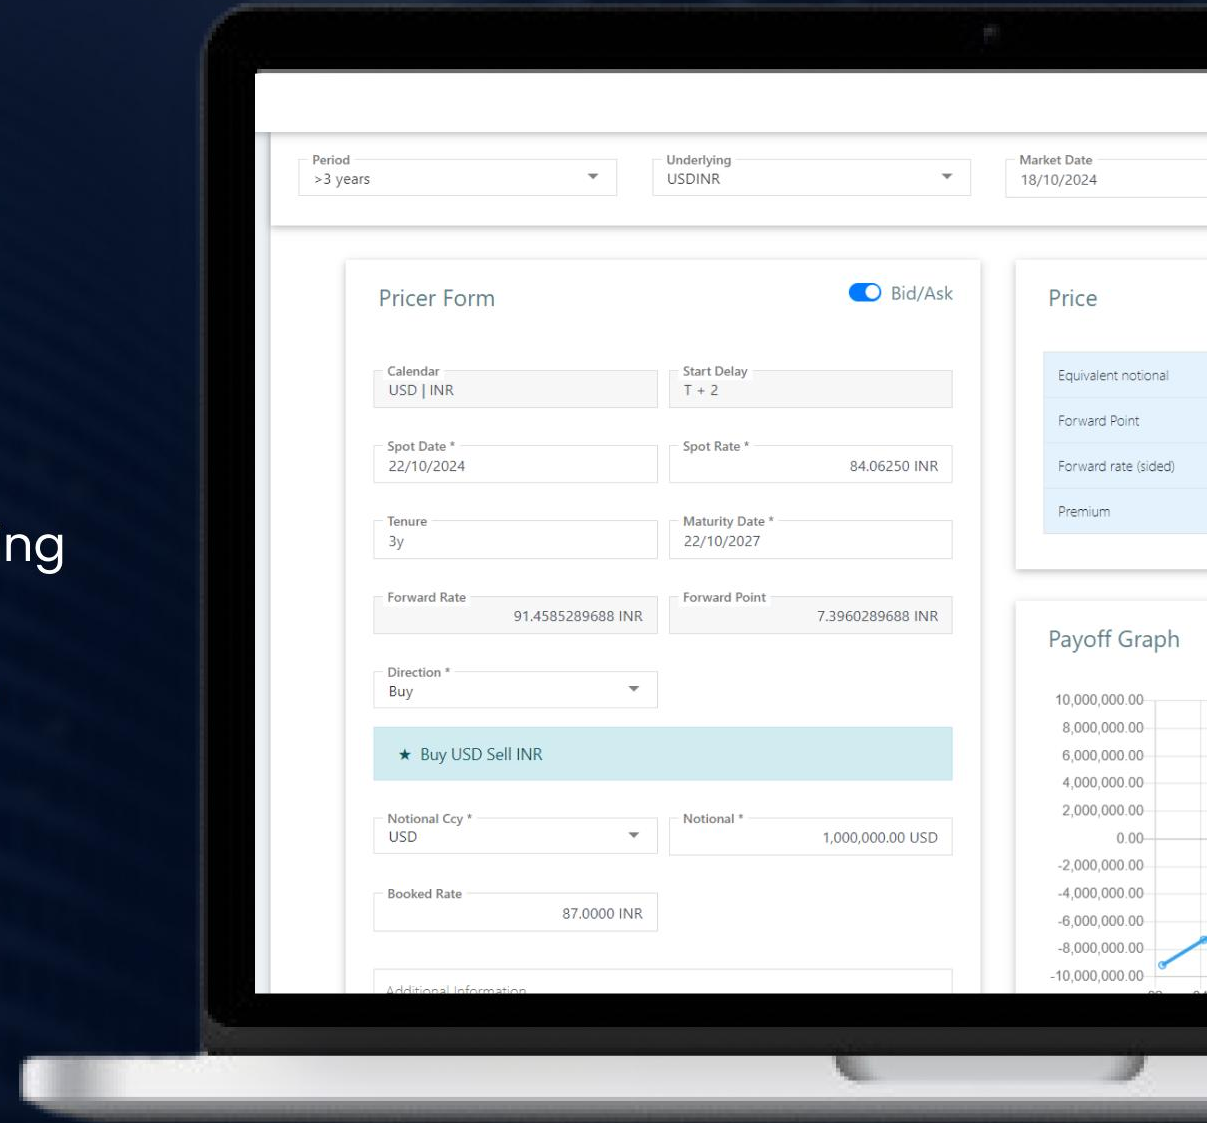

### 📌 After Finvisage

John verified prices and negotiated down to 10 bps, saving tens of thousands annually.

# How Finvisage Works

- ◆ Step 1: Enter trade details
- ◆ Step 2: Get real-time, independent fair value pricing
- ◆ Step 3: Negotiate better margins with confidence

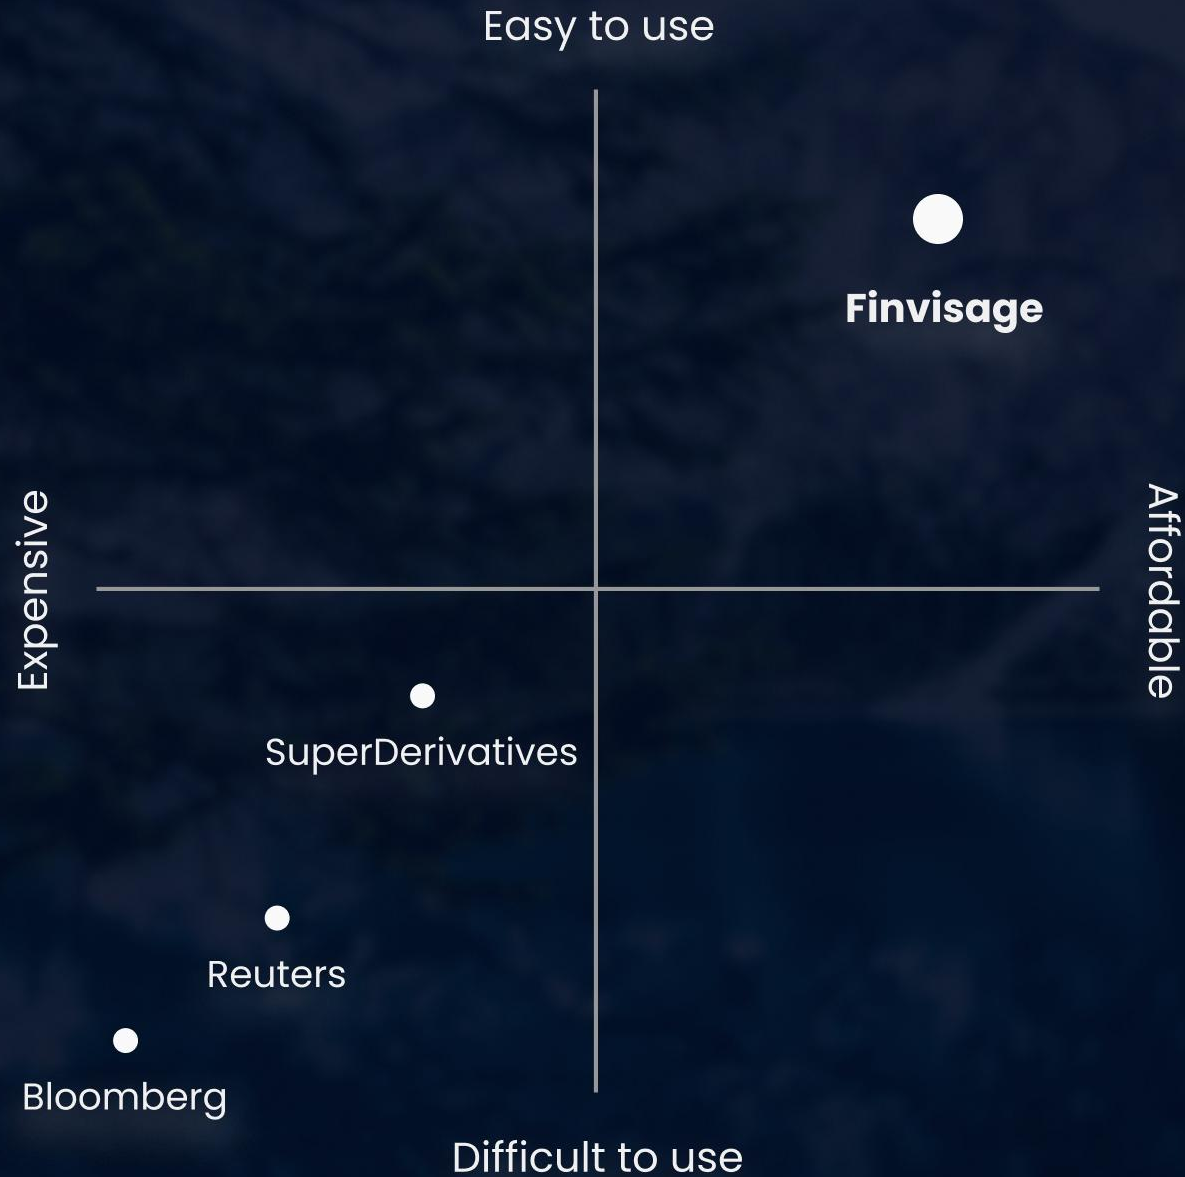

# Our Flexible Pricing Model – Perfectly Tailored for your Convenience

- Pay-as-you-price: Pay for three days, Price for three days.
- Monthly/Annual Subscriptions: Massive discounts for frequent users.
